PROFILE

A highly motivated and detail-oriented Computer Engineering graduate with a strong passion for technology and innovation. Eager to expand my knowledge and skills in a computer-related company while gaining valuable hands-on experience. Adaptable, quick to learn, and committed to contributing effectively to a dynamic team. Seeking opportunities to apply my technical background and problem-solving abilities in a challenging work environment.

WORK EXPERIENCE

Precious Island Corporation

2024-2025

Technical Sales

- Provide technical support by diagnosing and troubleshooting hardware and software issues to ensure optimal product performance.
- Resolve after-sales concerns by assisting clients with product-related issues, offering solutions, and coordinating with the internal team for necessary actions.
- Conduct product demonstrations for clients, showcasing features, functionality, and applications to help them integrate the product into their projects effectively.

SORT: A Smart Fruit Sorting Machine with Weight Detection for Vendors

2023-2024

STI College Caloocan - Research Participants

- This thesis focuses on developing an automated fruit sorting system (SORT) to help vendors efficiently classify fruits based on size, ripeness, and quality, reducing manual labor and improving productivity
